

The game was tight for the first 15 minutes as both teams were finding it hard to adjust to the windy conditions. Jody Jeffrey started the move for the first goal passing the ball to Owen Scott which started a ten man one touch move that brought a smile to my face, 1-0, Kemar Gordon scoring his first goal of the game.

The opposition were struggling to keep the 5th out as the three touch football and the pace of the strikers were pushing them further back. Stephen Clarke Johnston wanted a piece of the action and was on the end of another moved which show the quality within in the team, 2-0.

Within 10 minutes to go the 5th were in dream land, Stephen scored his 2nd of the game after some good work by Matt Witney who dominated the midfield along with Anthony Stennett. 3-0

A silly mistake by our defence gave the opposition hope as the scored to make it 3-1. From the resulting kick of the ball was laid out Erkan Fadi who was tormenting the right-back , Erkan laid a super ball into the path of Kemar Gordon who easily outsprinted the centre backs to smash the ball pass the Keeper 4-1 instant reply.

Another excellent finish from Stephen Clarke-Johnston made it 5-1, game set and match. Everyone thought the game was over, and then with 15 minutes left in the games the 5th Keeper was sent off for two yellow cards.

The confidence grew and the opposition were on us, fair play to them they resulted to the long ball and it caused us problems with 3 minutes to go they had brought the game back to 5-4. I was praying for the referee to blow the whistle. I shouted out how "long ref" I received no reply then another high ball split the defence

leaving the striker
with the chance to bring the game to 5-5, out of
nowhere sliding in like
his life depended on it came Owen Scott to rob the
ball of the Striker
toes, what a challenge!

Excellent game changed when we went down to 10 men
